

Childhood
is a viral
infection
that causes
swelling
on the glands
of the neck.

Look at me,
as you see me,
have I changed?

Happiness
has not
changed me
at all.

Life
is full of
absurdity.

Life
is not
an absurdity.

My dear,
would you like to
expose our limited
abilities
in the infinite
possibilities of the
world?

May

I have

a glass

of pain,

please?
